ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

23rd EDITION (1970) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS"
AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOT ETHAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

Consignment A Maine

1796 QUARTER

1—1796—UNCIRCULATED WITH PLEASING PATINA, NICE SHARP STRIKE! A LOVELY SPECIMEN INDEED! Under a strong glass we note a faint trace of "cabinet friction" (caused by sliding on the velvet of old-time coin cabinets when the drawer is opened. Very few specimens offered in the past decade can compare to this choice example. VERY RARE! Catalogs 5,750.00

1804-1807 QUARTERS

2—1804 NEW TYPE WITH 13 STARS & LARGE EAGLE, extremely fine obverse with the reverse being rather close to "Uncirculated". VERY RARE SO CHOICE. The rarity of this date in this choice condition is attested to by the fact that all the other early dates are priced uncirculated with one exception — the 1804! This date is not listed in better than very fine. A most unusual opportunity to acquire one of the few top-condition specimens known. From a 1967 sale where it was valued 1,250.00

3.—1805 5 Berry reverse, UNCIRCULATED WITH GOLDEN PATINA, SHARPER STRUCK THAN MOST "UNCIRCULATED" SPECIMENS WE HAVE SEEN OFFERED DURING THE PAST DECADE, INCLUDING SOME PRICED TO 1,500.00. About twice as rare as the 1806 which catalogs \$800, therefore we cannot disagree with the owner's valuation of 1,250.00

4—1806 OVER 5, UNCIRCULATED WITH LOVELY BLUE PATINA, typical strike from worn dies but desirable earlier die state with sharper strike than most we have seen in out 37 years as professional numismatists. VERY RARE! Easily worth over 1,000.00

5—1806 UNCIRCULATED WITH PROOFLIKE SURFACE, RAISED EDGE REVERSE, obverse has about 50% RAISED EDGE, typical strike from obverse worn die with not all hair strands clearly defined but still a much sharper strike than usually seen! A lovely specimen well worth its cost of \$1150 in 1964; probably now closer to 1,250.00

6—1807 BRILLIANT SLIGHTLY GOLDEN UNCIRCULATED, THE SHARPEST STRUCK SPECIMEN OF THIS DATE WE CAN RECALL SEEING! ACQUIRED 1965 AT 1,500.00. Those who have been searching for a nice struck specimen of this date for several years will realize the true rarity of this specimen! 99% of the uncirculated specimens we have seen over the years have been struck from worn dies. We believe this remarkable specimen to be well worth its cost of 1,500.00

10—1819 Small 9, extremely fine with interesting double die breaks thru date.	175.00

55—1849 GLITTERING BLUISH GOLDEN GEM PROOF WITH WIRE EDGE! A MAGNIFICENT SPECIMEN OF THIS GREAT RARITY! A number of superlative adjectives accompanied this specimen along with its valuation of \$1,500.00. This date appears to be among the rarest of those issued in the 1840's, therefore the \$1,500.00 figure seems to be "in line" in a ratio of values for proofs in the 1840's.

\$1 1918 FEDERAL RESERVE BANK NOTES

An "EMERGENCY" issue of relatively short duration. During World War I a shortage of \$1 & \$2 notes arose. There was an insufficient supply of silver on hand to act as backing for any sizable issue of silver certificates; at the same time there was a limit by law on the total issuance of legal tender notes. The government therefore authorized a special "temporary" issuance of these smaller denominations by the Federal Reserve Banks "Secured By United States Certificates Of Indebtedness Or United States One-Year Gold Notes, Deposited With The Treasurer Of THE UNITED STATES OF AMERICA". After the War, the Government struck a large issue of silver dollars in 1921 and the following years. These were used for the new issue of silver certificates of 1923 and **THE FEDERAL RESERVE BANK NOTES WERE CALLED IN FOR REDEMPTION** (unlike the other notes which were allowed to circulate until "worn out"). Collectors are now beginning to appreciate the rarity of many of this issue. Undoubtedly many "sleepers" exist in this series as it is exceedingly difficult to obtain some of these notes, particularly in choice condition (many are even "VERY RARE").

\$2 1918 FEDERAL RESERVE BANK NOTES

Much rarer than the \$1 notes! This nearly complete set represents ONE OF THE LARGEST OFFERINGS IN RECENT YEARS! Who knows how many more years will elapse before a comparable set is offered. Careful analysis of catalog values leads us to believe many prices are "theoretical" — that is, some have not appeared sufficiently recent to have a record on which the catalog can base a true value. Issued in much smaller quantities than the \$1, they did not circulate much. That any beyond the few collected by the occasional currency collector of that time have survived is indeed a miracle. Most of the issue was held in banks (how many \$2 notes did you ever see in circulation?) and when they were called in, they were sent in to be destroyed. What little demand there was for \$2 notes was filled by the \$2 legals issued the year before in 1917. For some peculiar reason, the majority of \$2 notes that have survived are badly worn condition (possibly the great majority that survived did so accidentally in hands of non-collectors). GREATLY UNDERVERUED (PARTICULARLY IN THE BETTER STATES OF PRESERVATION) IN KEEPING WITH THEIR TRUE RARITY!

\$5 1915 & 1918 FEDERAL RESERVE BANK NOTES

We know of only one complete set in collectors' hands. Undoubtedly, many are rare and even Extremely Rare judging from how few come up for sale. IN FACT, WE HAVE YET TO CONFIRM THE EXISTENCE OF SOME (OTHER THAN THE ONE NOTE ON WHICH THE LISTING IS BASED)! We believe this issue is GREATLY UNDervalued in the catalog. The estimated values are based upon a careful study of the number of specimens that have passed thru our hands during our 36 years as professional numismatists and what exist in collections we have examined (or have been reliably reported to us). Many were redeemed without being issued to the public; the \$5 1914 Federals appeared in sufficient numbers to fill the need for \$5 notes.

345—BOSTON F-781 Teehee-Burke, Bullen-Morss, PLATE 1, near new, crisp. THE RAREST OF ALL THE \$5 NOTES! Seldom offered, particularly so choice! Catalogs new	2,250.00

346—NEW YORK F-782 Teehee-Burke, Hendricks-Strong, extremely fine. Catalogs	85.00
347—CLEVELAND F-785 Teehee-Burke, Baxter-Fancher, PLATE 1, new, crisp, SUPERB! Desirable low number. RARE.	200.00
348—F-786 Teehee-Burke, Davis-Fancher, good. SCARCE. Catalogs low v.f. at only	75.00

349—ATLANTA DATE 1915, F-788A Teehee-Burke, Bell-Wellborn, acquired as "UNLISTED INK SIGNATURES" and they do appear to be just that! New, crisp except for faint crease visible under glass. Acquired 1960 when the normal variety cataloged new \$400 and this specimen was valued \$1,000.00. What this rarity is now worth will have to be determined by you, the bidder. We note Friedberg now includes two additional varieties of the \$20 1915 Atlanta as 822-1 and 822-a.

LARGE SIZE ERROR NOTES

Increasingly popular. A careful perusal of modern auction catalogs reveals very few offered compared to small size.

375—1890 \$2 TREASURY NOTE F-355, only FAINT EVIDENCE OF TOP OF SEAL, well worn but quite legible. The normal note catalogs v.f. \$250; this was acquired from a sale 10 years ago when it was valued	300.00
376—1891 \$1 Treasury Note F-351, GREEN INK SMUDGE left end reverse, new, crisp. SUPERB! The regular note in this remarkable condition is worth \$150; surely this error should be worth	200.00
377—1914 \$5 Federal of N.Y. F-851, right corner CUT WRONG with EXTRA PAPER ADHERING, new, crisp.	50.00
378—1923 \$1 Silver F-238 (Woods-White) BROAD DIAGONAL WHITE STREAK across left, v.f.	25.00

SMALL SIZE ERROR NOTES

379—\$1 1935-D Set 4 Notes, # K-F, STARTING MUCH TOO HIGH with last note near to proper centering, new, crisp.	40.00
380—\$1 1935-D WHITE STREAK thru left end obverse, very good.	
381—\$1 1935-E OFF CENTER with top short & bottom extra margin, SERIAL # Y-G over ONE DOLLAR, fine. Interesting DOUBLE ERROR.	
382—\$1 1935-E Large GREEN INK SMUDGE over Large ONE in center reverse, STAR # *-D, near new, crisp. RARE! Star number notes are replacements for error notes, therefore star notes with errors are rare indeed.	

383—\$1 1935-E WHITE STREAK thru right end obverse, # P-H, very fine.

384—\$5 1953 Silver, most of Blue Seal plus ENTIRE RIGHT NUMBER MISSING, fine.

385—\$5 1953 Silver DOUBLE OFF-CENTER Reverse, far too much margin at top & right with PART OF NEXT NOTE SHOWING AT RIGHT, fine.

386—\$5 1950-A Federal, Boston, Black overprint a little too far right, OFF-CENTER REVERSE with PART OF NEXT NOTE SHOWING AT TOP, near new, crisp. Unusual DOUBLE ERROR.

387—\$10 1950-A New York, GREEN SEAL MISSING, fine.

388—\$10 1950-A Cleveland, WHITE STREAK diagonally across left corner, obverse & reverse STAR # D-*, new. RARE! Star *(replacement notes for error notes) Notes With Errors are very few indeed in ratio to the other errors. Cost \$100 ten years ago; present value somewhat more.

389—\$10 1950-A Richmond, TWO DIFFERENT SERIAL NUMBERS BUT IN ADDITION THEY ARE STAR SERIAL NUMBERS! Since star number notes are made to replace those with errors, an outstanding error on a star note takes on additional significance. CERTAINLY THE "SHOWPIECE" OF ANY COLLECTION, new, crisp, SUPERB! From a sale ten years ago valued then at \$500; could now realize double.

390—\$10 1950-A Chicago, PERFECT IMPRESSION OF BLACK OBVERSE ON GREEN REVERSE, new, crisp, SUPERB! From a sale ten years ago valued then at \$250; present value?

391—\$20 1950-A Kansas City, INVERTED BLACK & GREEN OVERPRINTS ON OBVERSE, new, crisp. Acquired from a sale ten years ago as "RARE DOUBLE ERROR" and valued then \$250; present value?

393—\$20 1950 Chicago, upper serial number ONLY PARTIALLY SHOWS (less than half) new, crisp, SUPERB!

394—\$50 NO SEALS, SIGNATURES, SERIES OR NUMBERS ON OBVERSE, pencil "12" & "L04188884A" at left, new, crisp except faint center crease. Reverse has faint offset impression of seals, number and signatures. VERY RARE as \$50 notes are much more carefully inspected than are the lower denominations. From a sale ten years ago valued \$500; present value?

The second smallest issue of "S" mint Dimes struck in this series. A rarity which is worth over Guidebook valuation." We agree as to its rarity "Uncirculated" and believe it should be worth 500.00

FLOWING HAIR SILVER DOLLARS 1794-1795

666—1794 Basically very fine but top hair strands not quite fully struck up, typical characteristic light strike at tops of TED STA (see Bolender's book on early dollars). VERY RARE. Catalogs	5,500.00
---	----------

DRAPED BUST SMALL EAGLE REVERSE DOLLARS 1795-1798

667—1797 B-2, 9X7 STARS, SMALL LETTERS, very fine with a few faint "mint equalization marks" (to bring down the planchet to its correct weight - rather than melting and the cost of recoinage) very tiny nick. VERY RARE! In fact, fewer issued than even the 1794! Catalogs much too low at only	1,050.00
668—1797 B-3, 10X6 STARS, LARGE LETTERS, extremely fine and sharp with traces of luster. RARE. The smallest issue for any year 1795-1803! Valued by Bolender at	1,000.00

HERALDIC EAGLE REVERSE DOLLARS 1798-1804

669—1799 B-1A, 1799 OVER 98, 13 STARS REVERSE, similar to B-1 but UNLISTED Die Break Between Top of UN in UNITED, also unlisted breaks above first T in STATES and breaks between RI going below R, virtually Uncirculated, only barest friction. The normal B-1 catalogs unc. at \$875; what this MUCH RARER VARIETY is worth, is difficult to determine at this time.

1798 B-16 DOLLAR — ONLY 2 KNOWN

670—1798 B-16 "The die break extends from border on left near first star to right through base of lowest curl, and top of 179 of date. There is a spur downward from a denticle above right part of E in LIBERTY." Bolender's above description fits this coin except the die break does not quite reach the border and there is a tiny gap in the die break from the middle of the top of the 7 to just before the 9. We believe this is an earlier die state of this OUTSTANDING RARITY OF WHICH BOLENDER STATES HE KNEW OF ONLY 2 SPECIMENS! Very fine with some "mint equalization marks" on the obverse. Surely this remarkable coin should be worth	500.00
---	--------

1799 B-22 DOLLAR "EXTREMELY RARE VARIETY"

671—1799 B-22, Characteristic horizontal die break bisecting reverse, which caused uneven striking resulting in the obverse being fine and the reverse extremely fine light old scratch giving the appearance of a die break, some repair work evident when examined with a glass. "Common" varieties of 1799 catalog v.f. \$235; what this variety described by Bolender as "EXTREMELY RARE VARIETY" is worth is problematical. Surely at least	250.00
--	--------

1799 B-5 PROOFLIKE DOLLAR

672—1799 B-5, Variety with imperfect U in UNITED, bluish golden “Uncirculated” but close inspection reveals slight rubbing (the old-time “cabinet friction”). Catalogs	775.00
--	--------

1800 B-11 “AMERICAI” DOLLAR

673—1800 B-11, “AMERICAI” variety, fine, tiny nick. Bolender states, “IT TOOK ME 35 YEARS TO FIND A SPECIMEN”. Acquired some years ago at \$250; surely this great rarity now worth	300.00
---	--------

1801 B-2, B-4 DOLLARS

674—1801 B-2, Only 12 ARROWS, about very fine (reverse better than very fine but obverse not quite very fine). Rare variety.	250.00
675—1801 B-4, Close Date, very fine. VERY RARE VARIETY.	300.00

\$50 1852 U.S. GOLD, AUGUSTUS HUMBERT

938—\$50 1852 UNITED STATES OF AMERICA FIFTY DOLLS., Augustus Humbert United States Assayer Of Gold California around eagle holding ribbon, target reverse, extremely fine with traces of luster, surprisingly few of the usual nicks which are characteristic of these large, soft, heavy gold coins. Acquired several years ago as "About Uncirculated, RARE" at \$3,500.00. Research reveals that the 1852 A. Humbert was only struck a few days before it was replaced by the 1852 United States Assay Office pieces. **IT IS MUCH RARER THAN ANY OF THE 1851 REEDED EDGE HUMBERTS OR THE 1852 U.S. ASSAY VARIETIES!** And in this condition, it is indeed **VERY RARE!** It has now been determined by leading students that **THIS IS A UNITED STATES COIN** (it states so on its obverse) struck at a private mint under contract with the United States Government and supervised by the United States Assayer, Augustus Humbert. We too believe it properly belongs in the catalog with the U.S. gold section. Of course those that collect "Pioneer, Territorial & Privately Issued Gold" will also desire it for their collection. We believe this variety to be **ONE OF THE MOST UNDervalued U.S. COINS IN KEEPING WITH ITS RARITY!** Well worth 4,000.00

\$20 1853 U.S. ASSAY OFFICE OF GOLD

1019—\$20 UNITED STATES OF AMERICA, TWENTY D. around eagle, rev. UNITED STATES ASSAY OFFICE OF GOLD CALIFORNIA. 1853. Variety with 900 THOUS. above eagle. A choice specimen acquired as "Uncirculated" but close inspection with a glass reveals some minute evidence of handling. Well worth the Guidebook price for Uncirculated of	650.00
--	--------

1020—\$20 Similar but variety with "900" OVER OTHER NUMERALS. Since the "884" THOUS. variety was struck earlier in the year, this variety could very well be "900" OVER "884" (for which it was acquired — in fact, the plastic holder containing it is so inscribed). Uncirculated. Several leading students now refer to this as "The Provisional Mint Of The United States" (it became a regular mint of the U.S. in 1854). We have seen this variety (when offered) the past few years valued at \$1,000 to	1,250.00

\$10 GOLD

1021—1797 LARGE EAGLE, 16 STARS (states) OBVERSE, virtually Uncirculated with much luster, only the barest friction restrainins us from calling it "CHOICE". A lovely specimen excellent for date or "type". RARE. Catalogs \$1,350 in only E.F.; surely this beauty worth closer to	1,500.00
--	----------

1022—1799 WITH 13 HUGE OBVERSE STARS, Uncirculated with lovely orange patina, close inspection with a glass reveals the faintest rubbing. The prooflike reverse surface glitters thru the patina. Catalogs	1,200.00
1023—1801 Uncirculated with slight yellow patina, only evidence of minor contact with another coin to mar its beauty (does not show on obverse). Catalogs	1,200.00

1024—1838 CORONET TYPE WITH LOOP FROM EAR AND CURVED BASE OF BUST, near Uncirculated with luster (slight rub spot in reverse field). RARE DATE AND TYPE STRUCK ONLY ABOUT A YEAR (latter part 1838 and early part 1839). A DEFINITE TYPE AND WORTHY OF SUCH A LISTING IN THE GUIDEBOOK. Catalogs \$800 in E.F., this specimen worth closer to	1,000.00

1033—1854-O HUGE DATE (error die) WITH NUMERALS THE SAME SIZE AS USED IN SILVER DOLLARS (not to be confused with regular size date) virtually Uncirculated, only barest friction. Breen in his monograph "U.S. Eagles" states: "REALLY A MINT ERROR, A BLUNDERED DIE, AS THE EFFECT IS QUITE GROTESQUE. THE PIECE IS VERY RARE". In the absence of any record for a strictly uncirculated specimen, this could very well be "THE FINEST KNOWN SPECIMEN". Should exceed	500.00

\$3 GOLD

✓ A little-used denomination issued in very small numbers (some, only a few hundred). Most were called in and melted with the discontinuance of the denomination in 1889; and again when all gold was called in during 1933. What few have survived include some used for jewelry or decorative purposes. It is a beautiful design. Two types exist; 1854 only which had "dollars" in tiny letters and 1855 thru 1889 with "DOLLARS" three times the size of 1854. Judging from the steady rise in values, they have proven to be an excellent investment. We see no reason why this rise should not continue in the future.

1159—1854 TINY "dollars", PROOFLIKE WITH LOVELY PATINA and not the full Proof for which acquired. Acquired some years ago at \$1000 but we believe its true value to be closer to 500.00

BRILLIANT UNCIRCULATED SELECT 50¢ IN LOTS

Untouched for 19 years, the best specimens of several rolls of each date were selected to lay away for investment. Far superior to most "uncirculated" presently being offered. A most unusual opportunity to acquire "virgin" lots. Refreshing in this day of "rub & scrub".
